Sanad Al Meqbali

**Our Chairman And Founder, Board member of Abu Dhabi Chamber of Commerce,
Chairman of Emirati Entrepreneurial Association**

Sanad Al Meqbali has over 18 years of experience in various business sectors in the United Arab Emirates. He has founded and established a number of companies in fields as diverse as oil and gas, energy, maritime investment, technology and government services.

Emirates Zone

the optimal platform and window for a foreign investor in the UAE. The UAE is proving year after year the ability for continuous development and economic prosperity. The UAE will witness furthermore economic activity especially after being awarded the organization of Expo 2020 and ADNOC Group of Companies projects.

Specialized in developing projects and business opportunities in oil & gas, energy, maritime, navy, military & defense and IT industry. Emirates Zone provides total support services to the foreign investor through providing different services, advice and relationships focusing on investor needs by providing the following:

- The rightful business setup that fits investor needs and country regulations
- Minimize the time and efforts for the investors to start business operations
- Assist the investor to achieve effective market penetration and business development

Business Set Up

Local Sponsorship

Those wishing to invest in the UAE by setting up a company or business are required to have a local sponsor or agent. Emirates Zone is licensed as a national provider of sponsorship services to international investors. We help to:

- 1. Establish an Open LLC Company

The shares are divided between the investor and sponsor. At Emirates Zone, we guarantee the safety of our clients' shares and investment.

- 2. Establish a Branch Company

This company is 100% owned by the client, and we can charge a fixed annual fee for our services.

Business Set Up

Commercial Agencies

Emirates Zone offers a flexible Commercial Agency solution to provide foreign companies with an on-the-ground local partner to facilitate the sale and distribution of products and services within the UAE.

All products and services have to be registered in country in order to be sold. Emirates Zone provide local representation and will register the products and provide local administrative support.

Business Set Up

UAE Free Zone

The UAE economy is clearly divided between two sectors: the "onshore" sector, which is dominated by local business interests and restricts foreign ownership, and the "offshore" sector.

The main advantage offered by the UAE free zones is that foreign investors can retain 100% of their businesses without the need for a local partner.

Business Development

Marketing & Sales

At Emirates Zone, we have developed highly effective business consultation services that can assist our clients in analyzing and understanding the opportunities, risks and potential in the market and their industries.

Business Development

Legal Services

At Emirates Zone, our legal team is experienced in the field of commercial law and the UAE legal environment. Our team will be able to understand your unique needs as an international investor and provide you with the adequate consultation and solutions to properly establish the foundation for your business activities in the UAE.

Business Development

Investor Relations

We make international investors' entrance into the market more effective and help connect businesses to the right market opportunities. We also provide highly efficient market penetration strategies that save our clients time, money and effort, in addition to positively influencing a higher return on investment.

Business Development

ADNOC Registration

For vendors, investors or contractors, managing the ADNOC Group registration is always a challenge in country like the UAE. At Emirates Zone, we use our hands-on experience working with the Company to help our clients, including manufacturers, to register with the ADNOC Group.

Business Development

Oil and Gas

Emirates Zone has formed a strong partnership with global market leaders in the international energy market in UAE. Emirates Zone specializes in international oil and gas market and has an extended global network serving most of the recognized participants in the industry in UAE. We are a successful partner with Private companies and government agencies to develop industry in UAE.

PRO Services / Government Transactions

As you can imagine, setting up a company in the UAE has a number of predefined procedures, cycles and formalities. An expert is required to guide you through the multiple stages and help to successfully complete all of the paperwork when it is needed.
